

Molka GHAMMAM

Software Engineer — Frontend React.js

 Molka-Ghammam |  Molka Ghammam |  ghammammolka185@gmail.com |  +216.51.389.023

SUMMARY

Junior software engineer with hands-on experience building responsive web interfaces in React.js and contributing to full-stack products end to end. Comfortable translating business needs into user-facing features, integrating frontend applications with backend services, and collaborating through Git-based workflows. Looking to join a frontend team building fast, polished, user-centered web experiences.

WORK EXPERIENCE

End-of-Studies Internship — Tritux Group — Tunis

Feb 2025 - Aug 2025

- Designed and developed a user-focused IntelliJ IDEA plugin for automated documentation generation and project exploration.
- Implemented product features including Markdown export, interactive Q&A, and contextual analysis of existing codebases.

Engineering Internship — Wind Consulting — Mahdia

Jul 2024 - Aug 2024

- Built “Handmade”, a full-stack e-commerce platform with a React.js frontend covering product browsing, catalog management, and order flows.
- Designed the overall MERN architecture, connected frontend features to backend REST APIs, and contributed through Git-based collaboration.

Company Immersion Internship — BH Bank — Mahdia

Jul 2023 - Aug 2023

- Gained practical understanding of user journeys, business workflows, and reliability expectations within a banking environment.

PROJECTS

Handmade

- Built an e-commerce platform with React.js for product discovery, order management, and seamless integration with a MERN backend.

MediColGes

- Developed a hospital management platform with business-focused interfaces, a MERN stack architecture, and DevOps practices, [recognized by the Algerian client for its innovation](#).

CodeScribe

- Developed an AI-powered IntelliJ IDEA plugin for automated documentation, contextual code analysis, and interactive Q&A to support team collaboration.

EDUCATION

2020 - 2025 Engineering Degree in Computer Science at **Esprit School of Engineering**

2016 - 2020 High School Diploma at **Rejiche Secondary School, Mahdia, Tunisia**

SKILLS

Technical Skills	React.js, Next.js, HTML/CSS, REST APIs, Git, MERN Stack, FastAPI, MySQL, Kotlin
Languages	English (fluent), French (fluent), Arabic (native)
Strengths	Communication, teamwork, fast learning, product mindset
